Parent Participation

Our Religious Education Program is a cooperative effort which relies on the involvement of parents, the Minister, the Director of Religious Education, the Religious Education Committee, and the entire church community. Parents with children and youth in the program are asked to volunteer a minimum of 7–10 hours per year. **When you register your child in this program, you are committing yourself to be an active participant in the program.** We recognize that families come in all sizes, with a variety of interests and levels of experience. The Director of Religious Education and Religious Education Committee members provide regular training, practical support, and guidance. We value your efforts and work to ensure positive experiences for our volunteers.

We are asking that you:

- **Choose at least one responsibility in each category below.**
- **Become familiar with the RE program by reading the bulletin and newsletter, meet your child's class, get to know your child's teachers and support them.**
- **In addition, that your family will volunteer, attend, and enjoy the intergenerational activities and special events during the year.**
